Subject: Resignation

It is with very mixed feelings that I send this message. My most recent trip to CA stretched out much longer than originally planned and required making some life-changing decisions immediately that I have worked since the fall to make unnecessary.

In spite of those efforts, my son needs me with him for the next few years to successfully complete his launch into adulthood. Although my responsibility to him must come before any of my other responsibilities, I truly wish the timing were different, and that I were not leaving things undone.

While I have been back only a few days, I will be returning this week. Please accept this email as my resignation.

Please accept this email as my resignation. I will email you the April Minutes by the end of June. This email address will remain active after my move.

I have been proud to be a member of the Commission on Aging and the Commission on Persons with Disabilities during the past few years. Thank you for the opportunity.

Just wanted to let you know that I am resigning from the Consumer Affairs Commission, effective tomorrow, June 30. I have just found out that I have been appointed to the Community Service Board - whose focus is mental health services in Alexandria, and as the father of child with autism, I think this might help me help him. Thanks for your generosity and the hospitality the Commission showed me during my time there.

Subject PYDAC

Dear Kay:

Below is an email Patrick Butler sent me a year ago about resigning from PYDAC. He obviously never followed up with you.

Bill Hendrickson

Bill:

My family and I have decided to move to North Carolina and accordingly, I must resign from the PYDAC. I would like to prepare a formal letter to you and the appropriate people in Alexandria City government. Could you please advise me on the appropriate people who I should include in the letter? I enjoyed the one opportunity that I got to participate on the PYDAC and am disappointed that I will no longer be able to participate. However, the opportunity in North Carolina is something that is best for me and my family.
